

## Test your Wetware

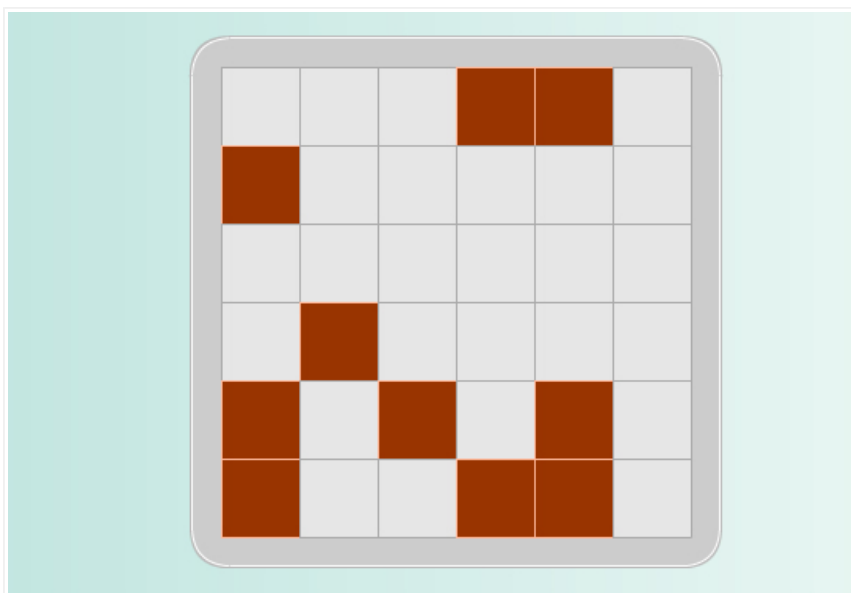

The purpose of learning is growth,  
and our minds, unlike our bodies,  
can continue growing as we continue to live.  
Mortimer Adle

Today I'm writing about an unusual type of tests. These tests do not target hardware or software but brains of a tester, or - [Wetware](#).

[Lumosity](#) website offers a variety of brain training and development games. The games help improving the following mental activities.

- o Speed
- o Memory
- o Attention
- o Flexibility
- o Problem-solving

If you want to give it a try without registration, you may begin with one of these:
